## Junior American Boer Goat Association New Member Application Form Instructions

### **I. Applicant Information:**

**Section I** information applies to the person submitting the application for membership. This information will appear on the membership and any certificate of registration, herd inventory and visual inspection. Applicants are required to list one contact person. Multiple names are not allowed in the first name and last name fields. Authorized agents are persons authorized to sign and conduct business through this membership. *Junior members are required to have an authorized agent, such as a parent or guardian on their member account. Junior must include their birthdate in order to determine their junior status.* Once a membership has been established they are never deleted, only made inactive. This insures accuracy in not setting up a duplicate membership. If you have had an ABGA animal registered in your name, but you are not a member, then you would have a nonmember account set-up already. Upon receipt of your membership application we can make the non-member account an active membership account. First name, last name, address, city, state, zip, county of residence, home phone, birth date and authorized agent are required fields. In order to receive information via email, you must complete the email field.

**ABGA Online Premium** - Provides ABGA members with opportunities to research, in detail, more than 300,000 American Boer Goats. ABGA Online is the World's largest online database for Purebred Boer Goats. To sign up for ABGA Online Premium, please check the box for ABGA Online Premium. The user information and password will be e-mailed to you after processing.

### **II. Herd Prefix:**

It is required that a breeder and/or member have an ABGA herd prefix. The herd prefix is 1 to 5 numbers or letters (no special characters or spaces are allowed). See ABGA Rules and Regulations. Each membership is limited to one herd prefix and once assigned, the herd prefix cannot be changed. ABGA requests three selections because the prefixes cannot be duplicated. Once reserved the herd prefix is permanently maintained by the Association regardless of the members' status. A herd prefix may be transferred to another breeder only upon written request of the owner, heirs, or assigns.
