       and owned by the JABGA exhibitor.
   vii. Goats registered in a frozen or suspended account are ineligible to exhibit in an ABGA Sanctioned
        Show.
B. Show Focus
   i. The American Boer Goat Association will accept and permanently record all wins in Shows that
      have been determined to have met all requirements (as stated below) for ABGA sanctioning.

       where applicable.
   iii. ABGA requires that an ABGA Sanctioned Show Application be submitted to the ABGA office no
        less than 90 days prior to the show.
   iv. No show will be sanctioned during the week of the ABGA National Show.
C. Purpose
   The main focus of ABGA Sanctioned Shows is the genetic improvement of the Boer breed and
   promotion of the goat industry.
D. Entries

      Representatives may use their discretion and have the right to ban an individual if they consider it
      necessary for the good of the show.
   ii. There should be no limit on the number of animals that can be entered in a class by an exhibitor,
       unless the sponsoring show deems this limit necessary.
   iii. Any show limiting the number of entries in any way must state this in their rules.
   iv. ABGA sanctioned shows may not require animals to sell in a sale as a condition of participating in
       the show.
   v. When the original registration certificates are presented at check-in, registered name, ABGA
      registration number and tattoos of each animal must be recorded so that they may be displayed on
      the results that are turned in to the ABGA office.
E. Ennobled Herd Book Points
   i. Only goats entered under their ABGA registration number and presenting their ABGA Certificate
      of Registration will be eligible to earn points for their actual placing in the show as described in

F. Tattoos
All goats must have legible tattoos consistent with the registration certificate or the animal will be disqualified. If an animal is disqualified due to illegible or inconsistent tattoos, all lower placing animals will be moved up in placement. Point winners from each class must have their tattoos read and recorded. The judge will be responsible for ensuring that tattoos are read and properly recorded. The show secretary will be responsible for recording the tattoos and informing the judge as to which point-eligible goats will need to be checked. Permanently implanted microchip identification will be accepted by ABGA as official identification in addition to, or in lieu of, tattoos. The owner is responsible for providing the appropriate scanning device to read any microchip used for identification purposes.

G. Computing Ages
Birth dates, as listed on the registration certificate, will be used in determining class divisions. In order to calculate the class breaks, take the show date and count back to the birth date to determine the age and the class for the animal.

sanctioned show. The cost of associated veterinary services and laboratory fees will be incurred by
ABGA. Reasonable steps shall be taken to minimize any opportunity for animal tampering to
occur. At the sole discretion of ABGA, all exhibited animals may be subject to collection of any

shall be presented free of violative drug residues. The act of entering an animal in a sanctioned
show is the giving of consent by the owner for show management to obtain any specimens of
urine, saliva, blood, or other substances from the animal to be used in testing. In the case that there
is a violation of these rules, the act of entering the animal in a sanctioned show is giving consent
to have any disciplinary action taken by the ABGA against such individual published in any
publication of ABGA’s choosing.

The conclusions reached by the laboratory of ABGA’s choosing shall be final and binding without recourse against the ABGA or any of its officers, agents or sanctioned show officials. If the laboratory tests of saliva, urine, blood or other sample taken from an animal indicate the presence of any forbidden substance, this shall be prima facie evidence that such a substance has been administered to the animal internally or externally. It is presumed that the sample of urine, saliva, blood or other substance taken from the animal correctly reflect the condition of the animal at the time the sample was taken, with the burden of proving otherwise falling to the owner at any hearing conducted by ABGA regarding the matter.

O. Show Ring Protocol for ABGA Judges

The goal of this protocol is to insure that each judge strives to provide a fair, unbiased, and objective inspection of each animal as it is presented for his/her evaluation and, in so doing, provide a positive experience for all individuals involved including exhibitors, spectators, and show personnel. As a representative of the American Boer Goat Association an ABGA Judge, through his or her appearance, evaluations, and presentations, is to conduct him or herself in a professional manner with show officials, exhibitors, and spectators at all times.

i. A judge is at all times to evaluate Boer goats in accordance with the ABGA Sanction Show Rules and the ABGA Boer Goat Breed Standard, disregarding any personal preferences. Animals should be evaluated according to the degree with which they meet the desired traits outlined within the ABGA Breed Standard.
Sanctioned Show Rules of the American Boer Goat Association

ii. Judges are required to check the following on Boer goats presented to be judged in order to insure these areas are correct according to the ABGA Boer Goat Breed Standard
   (a) Udder/Teat Structure on females
   (b) Mouths on males and females
   (c) Pigmentation on males and females
   (d) Testicles on males
   Recognizing the complication of time involved in judging very large classes, a judge is allowed discretion to check only those animals retained in the show ring from which the final selections will be made. In all classes, where practical, it is recommended that a judge check all animals presented.

iii. Judges are required to set their final placement line in numerical order, beginning with the lowest placing animal and continuing in ascending order to the first place animal, prior to giving reasons so that exhibitors and spectators can clearly see and understand the placements.

iv. A judge shall be responsible for ensuring that the tattoos are read on the winner of each class plus any goats in that class other than the winner that, by virtue of class size, are eligible for points under ABGA rules including all GCH and RGCH animals before those animals leave the ring.

v. Judges are responsible for ensuring that no bracing occurs during the judging portion of the show.

vi. No judge shall judge an animal that:
   (a) is owned partially or entirely by the judge,
   (b) is owned partially or entirely by any member of the judge’s immediate family, which includes children, grandchildren, parents, grandparents, siblings or spouse,
   (c) in which the judge has any pecuniary interest,
   (d) over which the judge has any supervision
   (e) it is strongly recommended that a judge refrain from knowingly judging any animal sold by the judge within 90 days prior to the show date.

vii. Recognizing the need for judgment, it is strongly recommended that a judge not place animals that exhibit a serious degree of any fault according to the ABGA Breed Standard or a disqualification trait as defined by the ABGA Breed Standard. Display of any such trait should negatively impact an animal’s placing.

viii. Recognizing the need for judgment, it is recommended that single entry animals in a class not be automatically awarded a first place if the animal exhibits any serious degree of a fault according to the ABGA Breed Standard, a disqualification trait as defined by the ABGA Breed Standard, or is otherwise deemed a quality that does not warrant placing the animal at the front of the class.

ix. An ABGA judge should use terminology in accordance with the structure of Boer goats when giving reasons so that spectators may more easily understand the judge’s references and evaluations. “Canned” reasons are discouraged. A judge’s reasons for placing classes are an educational tool and should be used as such by the judge.

x. A judge should be courteous at all times and kind, when called for, in his/her evaluations, refraining from negative comments that would unnecessarily embarrass any exhibitor. All necessary criticism of the animal to be evaluated should be constructive in nature and should serve an educational purpose for the exhibitor of the animal, other exhibitors, and spectators.

xi. A judge should always show personal discretion in his comments while in the show ring as an exhibitor or ring side as a spectator at any event where such comments may be over heard and perceived to be derogatory of the working judge.

xii. A judge should at all times dress professionally and appropriately for the show ring.

xiii. Recognizing the complications of arriving at a show arena within a prescribed time frame can create delays for a judge, it is therefore strongly recommended that upon arrival, a judge, with discretion, refrain from visiting the pen area or visiting with exhibitors where possible prior to judging the show.

xiv. Personal solicitation of judging assignments is discouraged.
