### Recipe for Milk Replacer

[Youtube video explaining how to mix this milk replacer](https://www.youtube.com/watch?v=IYj1NGAhbQo)

<https://www.youtube.com/watch?v=IYj1NGAhbQo>

- 1 gallon whole milk
- 1 cup whole buttermilk (not lowfat)
- 12 oz. can evaporated milk.
- Pour off 2 1/2 cups of the whole milk and add 1 cup whole buttermilk and one 12 oz can of evaporated milk to the whole milk. Mix well.

This is what we feed our bottle babies and they do very well.
