

Purchased Animals

Upon arrival at the farm:

- **Isolate animals for a month**
- Vaccinate
- Deworm aggressively and monitor fecal egg counts
- Test for certain diseases (check with your veterinarian)
- Coccidiosis control program
- Identification tag

Author:

JM Luginbuhl Extension Specialist (Goats & Forage Systems) Crop Science

There is an alternate Spanish language version of this document here: [Caprinos: aspectos básicos](#)

North Carolina State University and North Carolina A&T State University commit themselves to positive action to secure equal opportunity regardless of race, color, creed, national origin, religion, sex, age, veteran status or disability. In addition, the two Universities welcome all persons without regard to sexual orientation.

Publication date: Sept. 21, 2015
