JABGA New Member Application Form Instructions

I. Applicant Information:

Section I information applies to the person submitting the application for membership. This information will appear on your membership and on any certificate of registration, herd inventory and visual inspection. Applicants are required to list one contact person. Multiple names are not allowed in the first name and last name field. Also, please include a date of birth as this will determine your junior status. Once a membership has been established for a member they are not deleted, only made inactive. This insures accuracy in not setting up a duplicate membership. If you have had an ABGA animal registered in your name, but you are not a member, then you would have a non-member account setup already and upon receipt of any membership application we can make the non-member account and active membership account. First name, last name, address, city, state, zip, county of residence, and home phone are required fields. Junior members are also required to have an authorized agent on their member account such as a parent or guardian.

You must be a member of the association to reserve a herd name. Each membership is limited to one herd name and once assigned cannot be changed. Herd names are limited to a set of letters and/or numbers not to exceed 32 characters. The selection of a herd name can limit the length of an animal's name.
